

Set a Dashboard as Your Home Page

By default, all users see the Shopping home page when they access BUY.IU. However, you can change this to see a custom dashboard upon login.

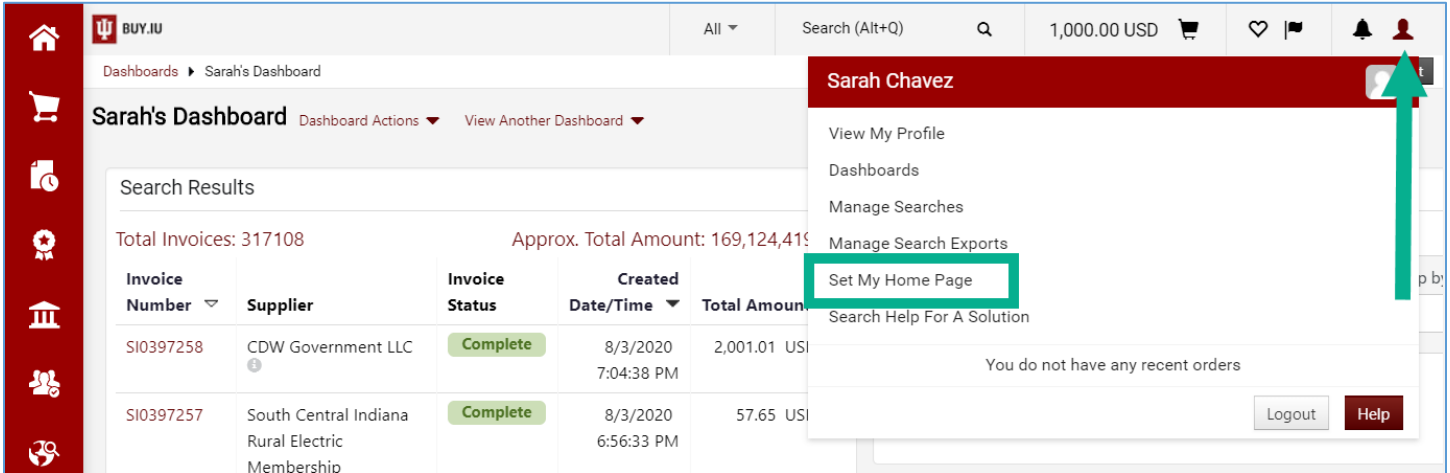

Click the **profile icon** in the upper right-hand corner, then select **Dashboards**.

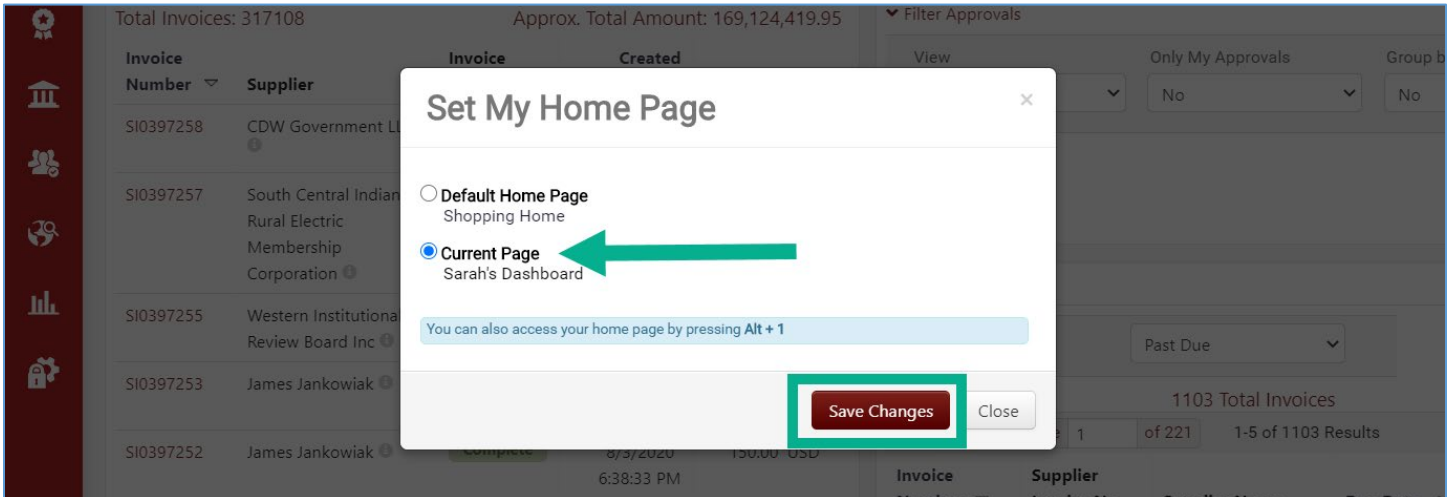

Click **View Another Dashboard** to see a list of dashboards available to you. Select the dashboard you wish to set as your home page.

Click the **profile icon** again to open the menu, then select **Set My Home Page**.

Make sure the **radio button** next to Current Page is selected, then click **Save Changes** to set the dashboard as your homepage.

Moving forward, you will see the dashboard you selected when you open BUY.IU or click the **Home icon** in the upper left-hand corner.
